

OAK NANA TAKES BULLDOG TROPHY

Rockcliffe Kennels Championship Entry Wins Another Title at McAlpin Show.

Bulldogs of assorted sizes and various shapes were on exhibition all day yesterday at the McAlpin Hotel. The occasion was the annual show of the Joint Bulldog Clubs of America.

The winter garden of the hotel, where the show was held, was crowded throughout the day with admirers of this popular breed. The uglier the specimen the larger the crowd that surrounded its bench.

Over ninety dogs were judged, and while these represented a few of the best kennels in this part of the country, there was an absence of those topnotchers which are always so prominent at the Westminster Kennel Club Exhibitions.

There were a number of new exhibitors, and the outstanding feature of the event was the fine showing made by the American-bred dogs. Charles Scardon's Beaming Belle, bred by its owner, took the reserve in the winners' class when she beat a number of prominent champion bitches.

The blue went to Rockcliffe Kennels, Champion Oak Nana, which was adjudged the best dog in the show. This is no new title for Oak Nana, as it has frequently had this honor thrust upon it before, as the Rockcliffe Kennels' entry has numerous times been adjudged the best of any breed at many important shows. This makes the third championship for Oak Nana.

The bitch is pure white, beautifully bodied, with a very short face, good wide flat skull and a big sweep of under jaw. She is owned by John T. Minturn. Baron Beaming, the father of Beaming Belle, was adjudged the best dog of the opposite sex. This prize winner is owned by Allison Lederer of East Williston, Long Island. He is a large heavyweight, with a splendid body, but a slight defect in the face and poor legs.

Many of the spectators were of the opinion that the "best dog in the show" should have gone to the Rockcliffe Kennels' entry, Rockcliffe Lord Brilliant, which has been in this country only eighteen months, but has never been shown before, but the judge, in placing Champion Baron Beaming first did not do so before a careful and thorough examination of the two dogs. Lord Brilliant has bad eyes and is sway-backed and has very poor teeth. The awards:
