MENTOR LIST

Now that you are a BCA member, you likely have a great many questions. How do I learn more about BCA? When and where are division meetings held? Where are upcoming shows and how do I enter them? How can I learn more about the structure of the breed?

To help get you started in Bulldogs, we have put together a list of other BCA division members who have volunteered to offer assistance to new members. These people have tenure in the breed and are very knowledgeable about BCA, the division, local clubs, shows, exhibiting, the Written Standard, structure, history of the breed, breeding and whelping, etc. They can help you navigate the world of Bulldogs and showing to make your experience much more pleasant. We want you to enjoy your new adventures in Bulldogs and invite you to take advantage of what these mentors have to offer.

Please feel free to contact any of the following volunteer mentors:
