## V. SPECIALTY SHOWS<sup>72</sup>

A. The National organization will sponsor one National Specialty per year consistent with the Council-approved National Show Rules and Procedures incorporated herein. (Attachment B)<sup>73</sup> All Mandatory Rules must be followed without exception.<sup>74</sup>

1. To the extent practicable, the event will be rotated through the Divisions and will be held in conjunction with a Division and/or member club Specialty. It is expected that unless formally turned down by the Division eligible, that the designated Division will host the show. A recognized member club of the designated Division may host the National Show.
2. In odd numbered years the National Show will be held in the Division providing the National Executive Committee. This will be during their second year in office.
3. In even numbered years, the National Show will be held in accordance with a pre-established schedule rotation.
4. The designated Division shall appoint a Host Club within the Division.

<sup>73</sup> Ad Hoc 2007 Recommendation: Reason: Clarity and Format Reorganization; Approved

<sup>74</sup> Amended October 15, 2002

<sup>75</sup> Amended October 15, 2002

<sup>76</sup> Amended October 15, 2002

*The following guidelines shall be followed to limit the number of individuals given the credentials to access the online system:*

- 1. For security reasons, BCA will request that AKC change the BCA online event management password every two years to coincide with new officers taking office. Each new incoming National Secretary, in connection with notifying AKC of the new BCA national officers, should request BCA's club number and a new password to access the AKC online event management account. The National Secretary should request that the new password take effect on January 1 of that even-numbered year to coincide with the date the new officers take office.*
- 2. The National Secretary will provide the BCA club number and new password in a timely manner to the incoming Division President and Division Secretary for each Division, along with any approved Show Chair for an upcoming National Show. Each recipient will be instructed not to share the information with anyone other than a person (like a Show Chair) with a reasonable need to access the online system through the BCA account, and each of them would be asked to instruct anyone with whom they do share the information to hold both the club number and password in the strictest confidence.*
- 3. Any person accessing the BCA event information within the AKC online event management system has limited permission from BCA to access only those events over which that person has authority (either as a Show Chair, Show Secretary or Division/National officer). No person with the club number/password should access an event over which they have no authority even for informational purposes.*
- 4. AKC prefers that clubs use the online system to manage events instead of filing paper applications and making changes through email. However, the system is not user friendly to those unfamiliar with it. Therefore, the National President is encouraged to appoint an AKC Online Event Management "Super User" who is willing to make themselves available to teach/assist other BCA members who find themselves needing to use the system<sup>77</sup>.*

### **1. Logo Use**

Without the written consent of the BCA Executive Committee in advance, BCA members, including member clubs, are not authorized to use the BCA logo in any commercial manner whatsoever, including application of the logo to apparel or other items intended for sale. This restriction applies equally to the members who are Approved Breeders on the Breeder Referral Directory and those that are not. This restriction does not apply to incidental uses of the logo, such as having a BCA logo decal on your car or wearing a jacket bearing the logo, so long as uses are noncommercial in nature.

In addition, notwithstanding this restriction, a BCA member is allowed to use the BCA logo as a hyperlink to the BCA Website so long as the hyperlink includes a reference identifying the logo as a hyperlink such as “For further information about BCA, please visit...”

Any BCA member may make factual statements about health testing done by that member in general or for specific dogs, including disclosure of health test results and any awards or other recognition the member’s dogs have received related to health.
