## BCA VERSATILITY AWARDS PROGRAM

### I. Objectives:

1. To give formal parent club recognition and incentivization for Versatility by BCA member-owned Bulldogs. For purposes of these awards: **Versatility** = A variety of achievements that reflect a range of abilities demonstrated by documented success in Multiple Fields of Endeavor. **Fields of Endeavor** = Sports and Civic Activities. **Multiple** = Specified achievements in a minimum of either three **different** Sports, or **alternatively**, two **different** Sports plus two **different** Civic Activities.

**Sports** = Conformation and the Performance Events of Obedience, Rally, ~~Standard Agility, Jumpers Agility~~ (**Standard & Jumpers**), Coursing, Tracking, ~~Odor Search Scent Work, Handler Discrimination~~ Scent Work (**Odor Search & Handler Discrimination**), Barn Hunt, Drafting/Carting, Dock Diving, Flyball, Herding Instinct, Weight Pull, Treibball, Parkour and UpDog. These Events are hosted by dog clubs or other canine organizations in which an approved Judge assesses the dog and its performance based on pertinent rules, regulations and standards. The Judge's assessment ultimately determines if a dog meets the titling requirements set by the organization, and may take into account the dog's physical traits and/or prowess; trained skills; natural tendencies, disposition, inherent abilities and attitude; physical and cognitive capabilities; motivation and willingness to engage in the sport and cooperate with the handler.

**Civic Activities** = Canine Good Citizen, Temperament Testing, Farm Dog Certification, Trick Dog, Stunt Dog, Therapy Dog, and Search & Rescue. These Activities are part of Family Dog and other canine programs that are all about **family and** the community – the dog functioning well **at home and/or** in the community or entertaining **its family and/or** the community or serving **its family members and/or** the community. Certified Evaluators determine whether the dog passes testing in these activities. With the exception of Search & Rescue, these Activities are generally regarded as being more casually assessed and easier to succeed in than Sports.

2. To honor success at escalating levels of challenge (advanced and upper echelons of achievement) as well as success in increased numbers of fields of endeavor beyond the minimum requirement of three Sports or two Sports plus two Civic Activities. A seven-tiered system has been designed to accomplish this objective, with the first tier set to accommodate the minimum requirement.

3. To celebrate the Bulldog's soundness in body and mind, intelligence, trainability and capabilities as well as the bond between Bulldogs and those who work in partnership with them to attain multiple achievements that exemplify these qualities.

### II. Requirements and Procedures

Achievements that qualify a Bulldog for BCA's Versatility Awards may have been earned/awarded at any time. Awards may be given posthumously. In keeping with BCA's commitment to the purebred Bulldog, to be eligible for BCA Versatility Awards, dogs must have an AKC registration number. Exceptions: (1) For BCA members who reside outside of the U.S., a registration number for a Bulldog from a reputable foreign registry will be accepted for their dogs, and (2) For BCA members with dogs enrolled in AKC with Purebred Alternative Listing (PAL) and Indefinite Listing Privilege (ILP) numbers, dogs may be considered on an individual, case-by-case basis if satisfactory proof the dog is a purebred Bulldog is provided. Only Bulldogs which do not exhibit any Bulldog Standard disqualifying fault, to the best knowledge of the Performance & Civic Activities Committee, shall be eligible for these Awards. Versatility Awards must be applied for. **For dogs that are not AKC breed Champions:** clear, color, unretouched photos of the dog showing its entire body and close-up of face must accompany the application, **to verify that it does not bear a DQ coat, eye or nose color**. One owner of record must be a valid BCA member in good standing at the time of application. The Performance & Civic Activities Committee (PCAC) shall verify awards eligibility of all applicants. Versatility Awards **applications will be processed and confirmed when received throughout the year. Versatility Awards certificates** will be issued **once annually in association with National Specialty week**. Annual deadline for application receipt by PCAC shall be ~~sixty days prior to the first day of the National Specialty show~~ **July 31<sup>st</sup> for a September National Show, August 31<sup>st</sup> for an October National Show, or September 30<sup>th</sup> for a November National Show to a receive a certificate that year.**

The PCAC can track published AKC titles. For dogs whose published AKC titles indicate they may meet eligibility criteria for a BCA Versatility Award, the PCAC will send an emailed notice of potential eligibility to the primary BCA member-owner's email address as shown in the BCA online Member Directory. The notice will provide application information, but a BCA member-owner of record (or a BCA member acting on behalf of the member-owner) must still apply for awards for which a dog may be eligible.

The PCAC cannot track achievements other than published AKC titles, so the PCAC may be unaware of achievements other than AKC titles, that may make a dog eligible for awards; therefore, not all potential awardees will receive a notice of

possible eligibility. A reminder notice, however, to apply for awards, will be placed annually in ~~The Bulldogger~~ in advance of the application deadline, **on the BCA website and sent out by posted on appropriate social media platforms**. The Versatility Awards Policy shall be posted on the BCA's website in the members' domain.

It is not necessary for the first-tier award to be given prior to the second-tier award and so on up the ladder. Dogs are to be awarded the highest-tier award, for which it can be determined they are eligible, at the time of application. For dogs that acquire more titles or other pertinent achievements after receiving an initial Versatility Award, owners may reapply for any additional, higher-tier awards for which the dog subsequently becomes eligible. Points **in each Table below** for achievements within a field of endeavor, however, are not cumulative. Within each field of endeavor, the points credited for a higher-level title/achievement, replace (rather than add to), the points that were credited for the previously earned achievement. In other words, for each Versatility Award application, only one achievement ~~within a field of endeavor~~ **per Table** will be given credit, and that is the one with the highest level and/or point value. **PCAC shall assess submitted achievements within accepted Fields of Endeavor, that are not specified in the Tables, to determine comparability, allowance for credit, and assignment of appropriate level and point value.**

### III. Policy

The Performance and Civic Activities Committee shall write all proposed BCA Versatility Awards Program policy and will conduct periodic reviews to develop proposed policy changes/updates which would be submitted to the Council for approval as part of their annual committee report. **Council approval shall not be required, however, for new achievements/titles and additional tables to be added to the point system as more titles are implemented by AKC & other accepted organizations, or for restructuring of the points tables as needed. PCAC shall automatically carry out those duties in a timely manner.**

To be as supportive and inclusive as is feasible to BCA members everywhere, and to maximize Versatility credit for the expanse of what members achieve with their Bulldogs, achievements will be accepted from an array of organizations. Every accomplishment included in this BCA awards program adds worth to an individual Bulldog's total package, and simultaneously enhances the image of the Bulldog breed overall.

Each achievement for which Versatility Awards credit is given has an assigned level and point value. In general, entry level Sports are more demanding than entry level Civic Activities, and that is reflected accordingly in assigned point values, with no Sports achievement valued at less than two points. It is understood, however, that perfect equity across all types of accomplishments is not possible and that achievements from the various entities cannot be aligned to be on par with one another. A particular achievement's assigned point value is, therefore, not based on comparing the challenge of attaining that achievement with the challenge of attaining an achievement in another field of endeavor with the same assigned point value. Assigned point values are, instead, based on an achievement's merit in relation to other achievements within its own field.

This BCA Versatility Awards Program is intended to be non-competitive, so that each dog can be awarded for its accomplishments irrespective of what other dogs do. With the exception of Conformation, none of the achievements for which dogs are given credit for Versatility awards, are based on defeating other dogs.

Official certificates for each year's qualifiers will be available for pick-up during National Specialty week. At the annual banquet awards ceremony, a PCAC member (or designee) shall present an official certificate for each Versatility Award qualifier at the Platinum and Diamond tiers for that year. Certificates not picked up in person shall be mailed to the ~~primary owner of record~~ **applicant**.

The PCAC will submit an annual announcement of each year's Versatile Bulldog awards recipients for placement in *The Bulldogger* in conjunction with National Specialty week coverage and other annual awards announcements.

Each BCA Versatility Award allows for more than one path to eligibility so that appropriate credit may be given for different combinations of the number and level of achievements acquired. This system is simple to use, fair (reasonably balanced and impartial) and comprehensively serves the BCA membership at large.

### IV. BCA Versatility Awards Offered

Dogs must have the specified achievements in a minimum of either three **different** sports, or **alternatively**, two **different** sports plus two **different** civic activities, as well as the required number of points for each award. Points requirements for each of the seven tiers of awards are specified below, followed by Tables with the assigned level and point value for each achievement for each Sport and Civic Activity. 1st Tier: **Versatile Bulldog – VB** – Requires 6 points; 2nd Tier: **Versatile Bulldog Excellent – VBX** – 9 points; 3rd Tier: **Versatile Bulldog Bronze – VBB** –12 points; 4th Tier - **Versatile Bulldog Silver – VBS** – 16 points; 5th Tier - **Versatile Bulldog Gold – VBG** –20 points; 6th Tier - **Versatile Bulldog Platinum – VBP** –24 points; 7th Tier - **Versatile Bulldog Diamond – VBD** –28 points
